

HYBRID SEED CORN

1181ARGT

PRODUCT SNAPSHOT

This hybrid works well on marginal ground and performs in hot and dry conditions, even in extreme years. Great for silage and grain production on tough soils and in areas with limited rainfall.

VALUE HIGHLIGHTS

Strong dual-purpose hybrid for areas with variable rainfall.

GROWING ENVIRONMENT

Will thrive under tough conditions.

MANAGEMENT RECOMMENDATIONS

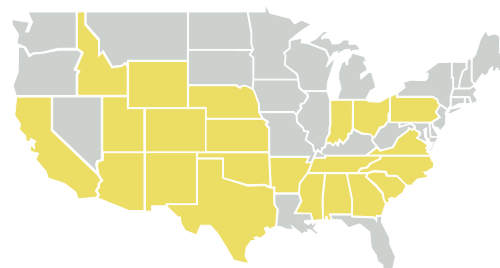

Best suited for grain or silage on marginal ground, and for silage on productive acres.
