

HYBRID SEED CORN

# 1080RGT

## PRODUCT SNAPSHOT

High-performance hybrid with superior heat and drought tolerance. It offers strong resistance to GLS, Goss', and promising Tar Spot tolerance, making it suitable for both high-output and more challenging acres.

## HIGHLIGHTS

Exceptional heat endurance, solid disease resistance, and adaptable to a variety of production systems.

## GROWING ENVIROMENT

Consistent performance across stress prone acres and high management acres.

## MANAGEMENT RECOMMENDATIONS

Top end yielding product that performs across all soil types.
