

HYBRID SEED CORN

1002L

CONVENTIONAL

PRODUCT SNAPSHOT

A top-performing hybrid with excellent yield potential for both grain and silage production. Exceptional emergence and early-season vigor help drive strong performance from the start, while a reliable disease package and dependable late-season stalk strength support season-long plant health. Consistent ear size, uniform plant stature, and deep kernel set contribute to reliable, high-end yield potential.

VALUE HIGHLIGHTS

Excellent grain and silage performance, strong emergence, and consistent high-yield potential.

GROWING ENVIRONMENT

Performs best on moderate to high-yielding soils.

MANAGEMENT RECOMMENDATIONS

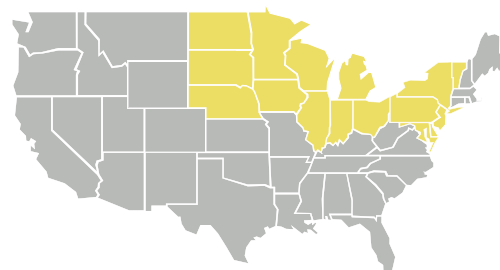

Solid late season plant health
